Best Practice: Importing an RTF into BP

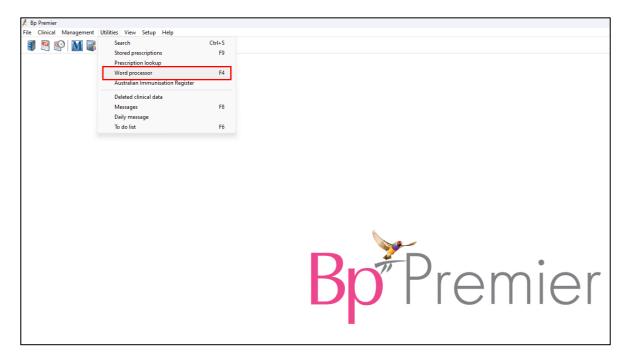

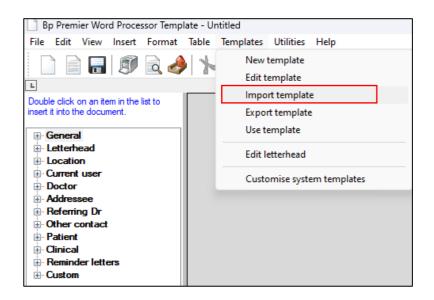

Importing an RTF into Best Practice

Ensure you have saved the template you want to import to your computer.

1. Open BP and go to **Utilities** menu and then click **Word processor**.

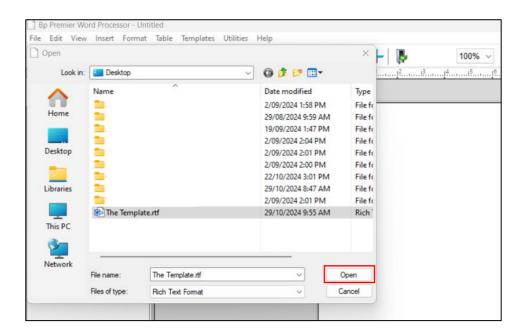

2. Go to **Templates** menu and then click **Import template**.

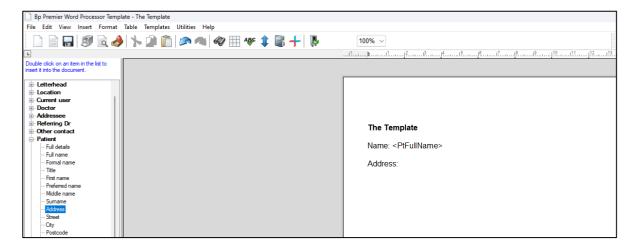

3. Navigate to template location, select the template you wish to upload, and then click **Open**.

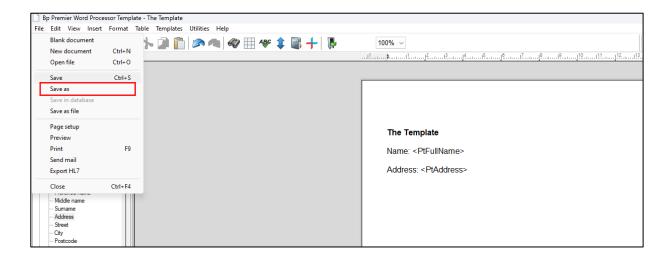

4. Review the template and ensure that it has loaded correctly.

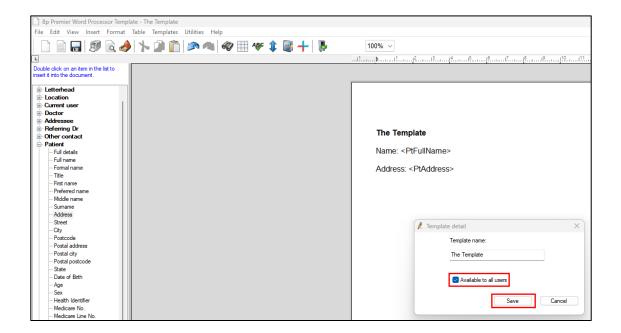

5. Go to File and then Save As.

6. Provide an appropriate name for the template to use later, tick **Available to all users** and then click **Save**.

Now the template will be available for the use of all users
