

## Funding acknowledgement statements for third parties

### Third party requirements

Third parties contracted or commissioned by the PHN should acknowledge the funding/support received from a PHN by using a funding acknowledgement statement and not the PHN logo in most instances. The preferred forms of funding acknowledgement statements for use by third parties contracted or commissioned by PHNs include:

- ‘This [activity/service] is supported by funding from Darling Downs and West Moreton PHN through the Australian Government’s PHN Program.’
- ‘This [activity/service] has been made possible by [funding/support] from Darling Downs and West Moreton PHN.’
- ‘This [activity/service] is supported by Darling Downs and West Moreton PHN.’
