

TALK ABOUT

LET'S TALK ABOUT...

TALK ABOUT is a way for Darling Downs and West Moreton PHN to ask you about your experience with healthcare in your community.

From 15 April until 27 May 2024 we want to TALK ABOUT what you think is working well and what you think could be done better to improve your healthcare experiences.

Let's TALK ABOUT the health needs of...

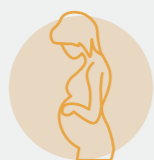

What do you think about...

Share your experience...

Did you know...

FIRST 2000 DAYS

DID YOU KNOW? In a typical year...

There are more than **8,000** pregnancies

8 in **10** women will attend an antenatal appointment

93% of babies are born in a healthy weight range

99% of children attend kindergarten

93% of children are fully immunised

7 in **10** are on track with their physical, social and emotional wellbeing by the time they start school

TALK ABOUT

WHAT WE HEARD

TALK ABOUT is a way for Darling Downs and West Moreton PHN to ask you about your experience with health care in your community.

From 15 April to 26 May 2024, you talked about your **First 2000 Days Community Consultation** within our region.

This is what we heard

We received responses from...

Overall, you rate your experience with these health services with a score of **5 out of 10**.

Health care professionals rate their experience with these health care services with a score of **7 out of 10**.

What you thought worked well

You mentioned...

- Continuity of care through midwife programs, child health nurses, and general practice.
- Knowledgeable and accessible child health centres and initiatives like Cub Care and Midwife Group Practice care.
- Supportive community connections, such as childcare and support groups.
- Affordable healthcare services and immunisation programs.

You value services for how they...

- Provided care centered around you and your needs.
- Kept up to date with recent research and guidance.

What you thought could be done better

You would like to see...

- More education and information about raising a child during the First 2000 days.
- Assistance to navigate the healthcare service system, including reminders and follow-up appointments.
- Continuity of your healthcare throughout pregnancy and early childhood.

You also suggested...

- Birthing on Country
- Culturally Safe Care
- More First Nations Health Care Workers

All consultation findings from our online survey and Kitchen Table Discussions will be distributed to external key stakeholders and inform future Primary Health Network decision making, targeted service delivery of programs and provide important updated information for our region's Health Needs Assessment.
